## EDUCATION

### Bachelor of Science, Carnegie Mellon University

2015 - 2019

Major: Information Systems, University Honors

Minor: Human-Computer Interaction

## EXPERIENCE

### UX Designer, Deloitte Digital

July 2019 - Present • Arlington, VA

Improved digital experiences across 20+ discovery and redesign projects for government and nonprofit clients. Tackled complicated and ambiguous design problems across food, housing, and health sectors for both internal and consumer-facing systems. Launched and led a 3-month mentorship program for junior designers. See [emilyporat.com](http://emilyporat.com) for project details!

### Product Designer, Florida Community Innovation

January 2021 - Present • Volunteer

Led user research and co-led design for the Florida Community Resource Map ([floridaresourcemap.org](http://floridaresourcemap.org)), a search tool that simplifies finding social services in Florida. Conducted interviews and usability testing, synthesized findings via affinity diagramming and product visioning workshops, and co-led design for our third release. Used Figma to create user flows, wireframes, prototypes, and contribute to the design system.

### UX Design Intern, Deloitte Digital

Summer 2018 • Arlington, VA

Redesigned the Learning & Development portal, a site through which employees request continuing education programs. Conducted user interviews, synthesized findings via affinity diagramming, process flows, and personas, and ran a product visioning session with studio leadership. Designed wireframes and prototypes of the primary flows in Sketch and created a style guide.

### UX Designer & Frontend Engineer, Zensors

Spring 2018 • Pittsburgh, PA

Redesigned and developed the interface for crowdworkers to answer questions about images. Developed personas and scenarios, built wireframes and prototypes, and developed the frontend with HTML/CSS and React.
