Affinity Mapping
Personas

Design

Information Architecture
Wireframing
Branding & Visual Treatment
Prototyping

Software

Sketch
Anima
Abstract
InVision
Jira / Confluence

Programming

HTML & CSS
JavaScript

EXPERIENCE

UX Designer, Deloitte Digital

July 2019 - Present • Arlington, VA

Modernized technology systems that help U.S. government agencies better serve their users. Experience researching, synthesizing, and designing across a breadth of sectors, products, and platforms. Select projects include:

- Responsive website rebrand & redesign for a consumer-facing Drupal site.
- Salesforce web & mobile iOS app redesign for internal management of a food distribution program.
- Desktop-based web portal for businesses to upload and track files to report information to their parent agency.

UX Design Intern, Deloitte Digital

Summer 2018 • Arlington, VA

Redesigned the Learning & Development portal, a site through which employees request continuing education programs.

Conducted user interviews, synthesized the findings through affinity diagramming, process flows, and personas, proposed a refined business process, designed wireframes and prototypes of the primary flows, and adapted company branding to fit the site.

UX Designer & Frontend Engineer, Zensors

Spring 2018 • Pittsburgh, PA

Redesigned and developed the user interface for crowdworkers to answer questions about images. Developed personas and scenarios, built wireframes, and developed the frontend with HTML/CSS and React.

EDUCATION

Bachelor of Science, Carnegie Mellon University

2015 - 2019 • Pittsburgh, PA

Major: Information Systems, University Honors

Minor: Human-Computer Interaction

GPA: 3.6 / 4.0
