GPA: 3.6 / 4.0

EXPERIENCE

Deloitte Digital UX Design Intern

Summer 2018 | Arlington, VA
Redesigned the Learning & Development portal, a site through which employees request continuing education programs. Conducted and synthesized research, redesigned the business process, and created wireframes and prototypes.

Zensors UX Designer & Frontend Engineer

Spring 2018 | Pittsburgh, PA
Redesigned and developed the user interface for crowdworkers to answer questions about images captured from sensors. Wrote use cases and scenarios, drew wireframes, and developed frontend with React.

RX-M Full Stack Development Intern

Summer 2017 | San Francisco, CA
Designed and developed a web application that empowers developers to explore new open source projects. Utilized microservice architecture via a Go/DynamoDB backend, Node gateway, and JavaScript frontend.

PROJECTS

RSVPd UX Design

Fall 2018 | Carnegie Mellon
Designed and prototyped a mobile app that helps event planners by providing an accurate headcount of attendees and motivating attendees by holding them accountable for their RSVPs. Conducted and synthesized both quantitative and qualitative research, designed wireframes, and built a clickable prototype in Proto.io.

Community Table Service Design

Spring 2019 | Carnegie Mellon
Designed a community potluck service that mutually benefits Pittsburgh nonprofit Just Harvest and the food insecure individuals it serves.
